We now accept credit card payments online through Intuit (the makers of Quickbooks). It is secure and allows you to keep track of payment history.

We also implemented electronic invoices. All of our invoices will be sent as emails. The invoices themselves are in Acrobat format (.pdf), which you can print or save.

Closing out 2009

Caption describing picture or graphic.

This year we worked with many of our customers to adjust our services to meet their lower budgets. It is mutually beneficial for us to help each other in this economy.

Overall, we picked up more new business than we lost in downsizings or closings.

We upgraded and replaced equipment this summer. Older equipment has been allocated to construction cleaning jobs or special projects.

In 2010 we will be maintaining our current pricing levels for current customers.

We wish everyone a successful 2010 and look forward to continuing to work with you.
